The film is barely 15 minutes old when this happens, but it immediately establishes that “ Critical Thinking ” has no plans of abandoning reality for its feel-good message. That sense of realism extends to the way the characters bond with, rib, and defend each other.

Practical, user-oriented reference for engineers who must incorporate and specify coatings for filters, antiglare effects, polarization, or other purposes in optical or electro-optical systems design. It focuses on preparation techniques and characteristics of commercially available products and provides information needed to determine what type of filter is needed to solve a particular problem, what its limitations are, and how to care for it.

Motion picture images have influenced the American mind since the earliest days of film, and many thoughtful people are becoming ever more concerned about that influence, as about the pervasive influence of television. In eras of economic instability and international conflict, the film industry has not hesitated to use motion pictures for definite propaganda purposes. During less troubled times, the American citizen's ability to deal with political and social issues has been enhanced or thwarted by images absorbed in the nation's theatres. Hollywood As Historian tracks the interaction of Americans with important motion picture productions. Considered are such topics as racial and sexual stereotyping, censorship of films, comedy as a tool for social criticism, the influence of great men and their screen images, and the use of film to interpret history. Opportunities for future study are

suggested for those who wish to conduct their own examinations of American film in a cultural context. *Hollywood As Historian* benefits from a variety of approaches. Literary and historical influences are carefully related to *The Birth of a Nation* (1915) and *Apocalypse Now* (1979), two highly tendentious epics of war and cultural change. How political beliefs of filmmakers affected cinematic styles is illuminated in a short survey of documentary films made during the Great Depression. Historical distance has helped analysts to decode messages unintended by filmmakers in the study of *The Snake Pit* (1948) and *Dr. Strangelove* (1964). While pluralism of approach has been encouraged, balance has also been a goal: a concern for institutional and thematic considerations never obscures matters of film aesthetics. In twelve chapters dealing with more than sixteen films, *Hollywood As Historian* offers a versatile text for classes in popular culture, American studies, film history, or film as history. The visual awareness promoted by this text has immediate application, in that students can begin to consider the impact of motion pictures (and television) on their own lives. The films considered: *The Birth of a Nation* (1915), *The Plow that Broke the Plains* (1936), *The River* (1937), *March of Time* (1935-1953), *City Lights* (1931), *Modern Times* (1936), *The Great Dictator* (1940), *The Grapes of Wrath* (1940), *Native Land* (1942), *Wilson* (1944), *The Negro Soldier* (1944), *The Snake Pit* (1948), *On the Waterfront* (1954), *Dr. Strangelove* (1964), *Who's Afraid of Virginia Woolf?* (1966), and *Apocalypse Now* (1979).

Speculation abounds about the relationship between Frank Lloyd Wright and Ayn Rand. Was Wright the inspiration for Howard Roark, the architect hero of Rand's *The Fountainhead*? What can be made of their collaboration on the book's failed 1944 movie adaptation, and what can be gleaned from the 1949 Hollywood production of *The*

Fountainhead? Where does the FBI--Wright was dubbed a communist sympathizer, and Rand was called before the House Un-American Activities Committee--fit into the story? Art, architecture, philosophy, film and politics come together in this exploration, which relies on the writings of Wright and Rand, FBI files, visual evidence and more to cement their connection. Chapters are devoted to Wright and Rand, the two together, their parts in both the failed production of The Fountainhead and the successful one, and the effect FBI harassment had on the movie and on their lives. Subsequent chapters discuss Wright's place as a Hollywood architect, and offer telling set designs and architectural images from the 1949 production of The Fountainhead. Several appendices supplement the illustrated text, and there is a filmography of movies mentioned in the book. A bibliography and index are also included.
