When a company applies hedge accounting, it is required to disclose how it applies its risk management strategy and the effects on its financial performance and future cash flows. It is likely that the market instabilities will affect these disclosures following the impacts outlined above and on possible changes in how the company manages risks.

Hedge Accounting under the new market conditions - KPMG ...

When designating a risk component as a hedged item, the hedge accounting requirements apply to that risk component in the same way as they apply to other hedged items (IFRS 9.B6.3.11). An entity can also designate only changes in the cash flows or fair value of a hedged item above or below a specified price or other variable, so-called a "one-sided risk" (IFRS 9.B6.3.12).

Hedge Accounting (IFRS 9) - IFRSCommunity.com

When a company applies hedge accounting, it is required to disclose how it applies its risk management strategy and the effects on its financial performance and future cash flows. It is likely that the COVID-19 outbreak will affect these disclosures and a company will need to use judgement to determine the specific disclosures that are relevant and necessary for its business.
