deservedly prize-winning book offers compelling new evidence that affluent Americans have much more influence than their fellow citizens and that this disparity is growing."—Robert Putnam, Harvard University

Affluence and Influence | Princeton University Press

In an ideal democracy, all citizens should have equal influence on government policy--but as this book demonstrates, America's policymakers respond almost exclusively to the preferences of the economically advantaged. *Affluence and Influence* definitively explores how political inequality in the United States has evolved over the last several decades and how this growing disparity has been shaped by interest groups, parties, and elections.

Affluence & Influence

At a time when economic and political inequality in the United States only continues to rise, Affluence and Influence raises important questions about whether American democracy is truly responding to the needs of all its citizens.

Affluence and Influence - De Gruyter

Affluence and Influence definitively explores how political inequality in the United States has evolved over the last several decades and how this growing disparity has been shaped by interest groups, parties, and elections. With sharp analysis and an impressive range of data, Martin Gilens looks at thousands of proposed policy changes, and the degree of support for each among poor, middle-class, and affluent Americans.

Affluence And Influence

Martin Gilens's book *Affluence and Influence: Economic Inequality and Political Power in America* is a very important book that is not very fun to read. It is sort of an extended version of a paper that Gilens coauthored with Benjamin Page.
