History of US foreign policy since World War II The world has come a long way since the collapse of the bipolar division of the world that characterized the 45-year period of the Cold War. The era of peace, prosperity and democracy that the world bourgeoisie promised with the collapse of the Russian bloc in 1989 has of course never materialized.

**History of US foreign policy since World War II—**

The main trend regarding the history of U.S. foreign policy since the American Revolution is the shift from non-interventionism before and after World War I, to its growth as a world power and global hegemony during and since World War II and the end of the Cold War in the 20th century. Since the 19th century, U.S. foreign policy also has been characterized by a shift from the realist school ...

**American Foreign Policy Since World War II: Edition 21 by—**

In the period between World War I and World War II, the US's foreign policy was characterized by isolationism, which meant it preferred to be isolated from the affairs of other countries. The ideological goals of the fascist powers in Europe during World War II and the growing aggression of Germany led many Americans to fear for the security of their nation, and thus call for an end to the US policy of isolationism.
