American Spies: Modern Surveillance, Why You Should Care ...  
This stands in stark contrast to the common, bi-partisan political rhetoric that makes the U.S. government's surveillance activities sound as if they are minimal, targeted, and limited to only genuine threats with little to no negative effects on the privacy and liberties of the American people. American Spies not only provides an extensive overview of the architecture of the security state, but also offers insight into important nuances of its operations. One of the most powerful chapters ...

American Spies: Modern Surveillance, Why You Should Care ...  
Modern surveillance is mass surveillance Mass surveillance that targets foreigners also sweeps up Americans'it/s not intentional, that's just how mass surveillance works. Modern surveillance lacks public oversight, depends on secret law, and is incompatible with a free society.

American Spies: Modern Surveillance, Why You Should Care ...  
I think people believe surveillance is something that happens to others, that the technology of surveillance today is such that instead of somebody trying to spy on people because they're suspected of being in a drug cartel or because they're foreign terrorists, there's this broad, opportunistic, suspicionless collection that happens, which means that lots of random, innocent people's information ends up in government databases and then that information can be searched or data mined ...
