BBC Radio 4 Extra - William Golding - Lord of the Flies
In 1981 BBC Radio 4 produced a dramatisation of J. R. R. Tolkien's The Lord of the Rings in 26 half-hour stereo installments. The novel had previously been adapted as a 12-part BBC Radio adaptation in 1955 and 1956, and a 1979 production by The Mind's Eye for National Public Radio in the USA. Like the novel on which it is based, The Lord of the Rings is the story of an epic struggle between the Dark Lord Sauron of Mordor, the primary villain of the work, and an alliance of heroes who join forces

Presents the epic depicting the Great War of the Ring, a struggle between good and evil in Middle-earth, following the odyssey of Frodo the hobbit and his companions on a quest to destroy the Ring of Power.

In 1953, William Golding was a provincial schoolteacher writing books on his breaks, lunch hours and holidays. His work had been rejected by every major publisher—until an editor at Faber and Faber pulled his manuscript off the rejection pile. This was to become Lord of the Flies, a book that would sell in the millions and bring Golding worldwide recognition. Golding went on to become one of the most popular and influential British authors to have emerged since World War II. He received the Booker Prize for the novel Rites of Passage in 1980, and the Nobel Prize for Literature in 1983. Stephen King has stated that the Castle Rock in Lord of the Flies continues to inspire him, so much so that he named his entertainment company after it and has placed the Golding novel prominently in his novels Hearts in Atlantis and Cujo. Golding has been called a British Vonnegut—disheveled and darkly humorous, perverse when it would have been easier to be bitter, bitter when it would have been easier to be lazy, sometimes more disturbing than he is palatable and above all fascinating beyond measure. Yet despite the fame and acclaim, the renowned author saw himself as a monster—a reclusive depressive ruled by his fears and a man who battled alcoholism throughout his life. In addition to being a schoolteacher, Golding was a scientist, a sailor and a poet before becoming a bestselling author, and his embitterment and alienation, his family, the women in his past, along with his experiences in the war, inform his work. This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul, tracing the defects of society back to the defects of human nature itself. Drawing almost entirely on materials that have never before been made public, John Carey sheds new light on Golding. Through his exclusive access to Golding's family, Carey uses hundreds of letters, unpublished works and Golding's intimate journals to draw a revelatory and definitive portrait. An acclaimed critic, Carey enriches crucially our appreciation of the literary work of Golding, bringing us, as the best literary biographies do, back to the books. And with equal parts lyricism and driving emotion, Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things.

A faithful adaptation of the C.S. Lewis classic, this audio drama was recorded in London with some of England's finest actors.

"The special qualities of Dorothy Sayers" writing are seen here at their best" as Lord Peter battles to solve the murder of a war hero (Saturday Review). Even the Bellona Club's most devoted members would never call it lively. Its atmosphere is that of a morgue—or, at best, a funeral parlor—and on Armistice Day the gloom is only heightened. Veterans of the Great War gather at the Bellona not to hash over old victories, but to stare into their whiskies and complain about old injuries, shrinking pensions, and the lingering effects of shell shock. Though he acts jolly, Lord Peter Wimsey finds the holiday grim. And this Armistice Day, death has come to join the festivities. The aged General Fentiman—a hero of the Crimean War—expires sitting up in his favorite chair. Across town, his sister dies on the same day, throwing the General's half-million-pound inheritance into turmoil. As the nation celebrates and suspicions run riot, Lord Peter must discover what kind of soldier would have the nerve to murder a general. The Unpleasantness at the Bellona Club is the 5th book in the Lord Peter Wimsey Mysteries, but you may enjoy the series by reading the books in any order. This ebook features an illustrated biography of Dorothy L. Sayers including rare images from the Marion E. Wade Center at Wheaton College.

One of the founding mothers of mystery, Dorothy Sayers first introduced the popular character Lord Peter Wimsey in 1923 with the publication of Whose Body? Over the next twenty years, more novels and short stories about the aristocratic amateur sleuth appeared, each one as cunningly written as the next.Now in single volume, here are all the Lord Peter Wimsey stories, a treasure for any mystery lover. From "The Fantastic Horror of the Cat in the Bag" to "The Image in the Mirror" and "Talboys," this collection is Lord Peter at his best -- and a true testament to the art of detective fiction.

An authorized introduction to the forthcoming film trilogy includes production stills, star and filmmaker biographies, and a behind-the-scenes examination of the making of the Tolkien world.

The first in a trilogy of whip-smart novels—currently in development as a TV series set to star Sendhil Ramamurthy (NBC's Heroes and Heroes Reborn)—about a destructive private investigator and his eccentric coworkers, who handle cases so high-profile that they never make the headlines. Ravi Chandra Singh is the last guy you'd expect to become a private detective. A failed religious scholar, he now works for Golden Sentinels, an upmarket London private investigations agency. His colleagues are a band of gleefully amoral and brilliant screw-ups: Ken and Clive, a pair of brutal ex-cops who are also a gay couple; Mark Chapman, a burned-out stoner hiding a great mind; Marcie Holder, a cheerful former publicist; Benjamin Lee, a techie prankster from South London; David Okri, an ambitious lawyer from a well-connected Nigerian immigrant family; and Olivia Wong, an upper-class Hong Kong financial analyst hiding her true skills as one of the most dangerous hackers in the world—all under the watchful eye of Roger Golden, wheeler-dealer extraordinaire, and his mysterious office manager, Cheryl Hughes. Thrust into a world where the rich, famous, and powerful hire him to solve their problems and wash their dirty laundry, Ravi finds himself in over his head with increasingly gonzo and complex cases and the recent visions that he's been having of Hindu gods aren't helping. As Ravi struggles to stay ahead of danger, he wonders if the things he's seeing are a delusion or if he might, in fact, be an unrecognized shaman of the modern world...

J.R.R. Tolkien's grand masterwork in a new hardcover illustrated with the art created by Tolkien himself as he envisioned Middle-earth A PBS Great American Read Top 100 Pick One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them. In ancient times the Rings of Power were crafted by the Elven-smiths, and Sauron, the Dark Lord, forged the One Ring, filling it with his own power so that he could rule all others. But the One Ring was taken from him, and though he sought it throughout Middle-earth, it remained lost to him. After many ages it fell by chance into the hands of the hobbit Bilbo Baggins. From Sauron's fastness in the Dark Tower of Mordor, his power spread far and wide. Sauron gathered all the Great Rings to him, but always he searched for the One Ring that would complete his dominion. When Bilbo reached his eleventy-first birthday he disappeared, bequeathing to his young cousin Frodo the Ruling Ring and a perilous quest: to journey across Middle-earth, deep into the shadow of the Dark Lord, and destroy the Ring by casting it into the Cracks of Doom. The Lord of the Rings tells of the great quest undertaken by Frodo and the Fellowship of the Ring: Gandalf the Wizard; the hobbits Merry, Pippin, and Sam; Gimli the Dwarf; Legolas the Elf; Boromir of Gondor; and a tall, mysterious stranger called Strider. This new edition is illustrated with J.R.R. Tolkien's own artwork, created as he wrote the original text.
