“A story of surviving and thriving with passion, compassion, wit, and style.”—Maya Angelou “In America, we have a tradition of black writers whose autobiographies and memoirs come to define an era. . . . Buck may be this generation’s story.”—NPR A coming-of-age story about navigating the wilds of urban America and the shrapnel of a self-destructing family, Buck shares the story of a generation through one original and riveting voice. MK Asante was born in Zimbabwe to American parents: his mother a dancer, his father a revered professor. But as a teenager, MK was alone on the streets of North Philadelphia, swept up in a world of drugs, sex, and violence. MK’s memoir is an unforgettable tale of how one precocious, confused kid educated himself through gangs, rap, mystic cults, ghetto philosophy, and, eventually, books. It is an inspiring tribute to the power of literature to heal and redeem us.

For fans of *Sorry to Bother You* and *The Wolf of Wall Street* comes a blazing, satirical debut novel about a young man given a shot at stardom as the lone black salesman at a mysterious, cult-like, and wildly successful startup where nothing is as it seems.

It's the week before deer-hunting season, as close to a statewide holiday as you get in Texas, and the locals are restless. Game warden John Marlin has his hands full with poaching complaints - and murder.

When asked in an interview what he most liked about rodeo, three-time world champion saddle-bronc rider “Cody” Bill Smith said simply, “Horses that buck.” Smith redefined the image of America’s iconic cowboy. Determined as a boy to escape a miner’s life in Montana, he fantasized a life in rodeo and went on to earn thirteen trips to the national finals, becoming one of the greatest of all riders. This biography puts readers in the saddle to experience the life of a champion rider in his quest for the gold buckle. Drawing on interviews with Smith and his family and friends, Margot Kahn recreates the days in the late 1960s and early 1970s when rodeo first became a major sports enterprise. She captures the realities of that world: winning enough money to get to the next competition, and competing even when in pain. She also tells how, in his career’s second phase, Smith married cowgirl Carole O’Rourke and went into business raising horses, gaining notoriety for his gentle hand with animals and winning acclaim for his and Carole’s Circle 7 brand. Inducted into the Pro Rodeo Hall of Fame in 1979 and the National Cowboy & Western Heritage Museum’s Rodeo Hall of Fame in 2000, Smith was a legend in his own time. His story is a genuine slice of rodeo life—a life of magic for those good enough to win. This book will delight rodeo and cowboy enthusiasts alike.

Bizarre behavior of deer near West Branch, a busy hunting and tourist stop in northern Michigan, is causing hunter concern and links to several deaths. Two rookie reporters and a seasoned veteran from the *Detroit Times* newspaper, pursuing the sensational scoop of a lifetime, encounter humans and deer strangely influenced by an apparent brain-bending disease leading to a horrific conclusion of murderous intent. A further look into human history provides uncanny references to similar strange occurrences possibly linked to a mysterious grain fungus toxin, existing throughout the world. Be prepared to accept the heart-pounding impossible, as Katie Kottle, Jeb Porter and Louis Dingman investigate and unravel this baffling age-old cause of peculiar human and animal behavior. Let the story take you on a captivating journey through hunting woods, but be warned, you might get Buck Fever and not return. “A smart, creepy, can't-stop-reading trek through a could-happen series of deadly events and mind-altering consequences with lots of twists and turns.”

As a result, the reader will find that Buck's female characters, with their different degrees of individuality and typicality, form a realistic picture of Chinese women."--BOOK JACKET.

This book, the first single-authored book-length study of Bucks fiction for over twenty years, shows how Bucks thought developed through the medium of her fiction - from her early turbulent years in China to her last lonely days in the United States, with chapters examining her loss of faith in Christianity, her reflections on Chinese life during and after the breakdown of Old China, her voluminous reading, her confrontation with the horrors of American racism and sexism after her return to the United States, and her final metaphorical search for home as she approached death. The book argues that Buck, the first American woman to win both the Pulitzer and Nobel prizes for literature, was a heroic forerunner of those who, while occupying a place in the world, never

feel fully at home there; in Bucks case because her Chinese identity throughout her life struggled with her American. For this reason Pearl S. Bucks fiction deserves to be considered alongside that of writers such as Anchee Min, Maxine Hong Kingston and Amy Tan. The books central claim is that Buck is a major novelist, capable of speaking to the distress of our times, richly deserving the honor she has received in China, and deserving greater recognition in the United States. Rob Hardy is the son of an American mother and English father. His publications include a chapter in a PalgraveMacmillan collection titled *Iris Murdoch and Morality* and two books one on psychological and religious narratives in Iris Murdochs fiction, the other a study of the feminine divine in the work of D.H. Lawrence, Dion Fortune and Ted Hughes. He has also published articles on Iris Murdoch, Paul Bailey, the English social worker novelist John Stroud, as well as on versions of China produced by Charles Dickens and Ezra Pound. .

In this hilarious and relatable graphic novel chapter book, a big-toothed beaver learns to love his large front “toof” in an adorable tale of self-acceptance. All beavers have flat tails, furry coats, and two front teeth. And then there’s Buck. Unlike the rest of his family, he has one gigantic front tooth—and he HATES it. It’s ruining everything for him, especially the annual talent show. Whatever Buck tries to do for the contest—whistle, walk on stilts, blow bubbles—his tooth gets in the way. Will Buck ever learn to love what he hates the most, and embrace his inner tooth?
