during the course of their surgical interventions". Author - Christiaan Rudolf Oosthuizen."It will be an excellent addition to an arthroplasty surgeon's library and a brilliant reference book". Prof Hemant Pandit, University of Leeds, United Kingdom."It was a great pleasure reviewing this book. It is my opinion that this is not just an excellent text book on Unicompartmental Arthroplasty but also a guide clearly setting out when to perform a partial knee replacement. It is a great asset for any knee surgeon". Prof Sebastian Magobotha, University of

This two-volume set LNCS 12205 and LNCS 12206 constitutes the proceedings of the 7th International Conference on Learning and Collaboration Technologies, LCT 2020, held as part of the 22nd International Conference, HCI International 2020, which took place in Copenhagen, Denmark, in July 2020. The total of 1439 papers and 238 posters included in the 37 HCII 2020 proceedings volumes was carefully reviewed and selected from 6326 submissions. The papers in this volume are organized in the following topical

sections: communication and conversation in learning; cognition, emotions and learning; games and gamification in learning; VR, robot and IoT in learning; and collaboration technology and collaborative learning. As a result of the Danish Government's announcement, dated April 21, 2020, to ban all large events (above 500 participants) until September 1, 2020, the HCII 2020 conference was held virtually.

There is no other book like it for unraveling the mysterious world of military acronyms. This handy

reference covers it all, from Fighters, ICBMs & Submarines, to Military Spending, Mineral Resources, Political & Economic data. Surprising extras include a comprehensive listing of military & scientific publications, & an explanation of military computer terms. Two years in the making! Unlike most reference books it features a comprehensive Index located at the beginning of the book. It's up to date with references to the Air Force & Navy's latest stealth weapons, including the still classified Aurora reconnaissance aircraft built to replace the retired
