AHARA VICHARA: AYURVEDIC CONCEPT OF DIET

Jatharagni separates food material into the sara (essence portion) and kitta (waste products) in the human body. Jatharagni is also classified into four categories according to its performance of digestion in the human being. Vishamagni (Variable): Here the digestive fire is disturbed by vata. Because of variability in vata, there are episodes of alternating cycles of strong appetite with loss of appetite and forgetfulness to consume foods.
