Factoring Quadratic Trinomial Worksheets - Kiddy Math

This is a fun activity for the student to practice factoring trinomials where a = 1. The student is given 3 different question paths and 24 rectangles to cut out. The top of the rectangle has the answer to the factoring question and the bottom of the rectangle contains the next trinomial to factor.

Factoring Trinomials A=1 Activity & Worksheets | TpT

Students practice factoring quadratic trinomials by finding the missing side lengths of rectangles that have a trinomial "area". Through factoring, students will determine the side lengths of various-sized rectangles. All trinomials a values are 1. This activity is a nice link back to geometry and
