Man of Destiny: Lessons from Joseph and Modern day Parallels is a must-read book that encapsulates the trials, tests, vision, mission, and destiny of Biblical Joseph and details how the modern Christian can relate to his experiences. This book seeks to reveal to the British and American people their true identity and how that revelation relates to Bible prophecy for the end time house of Israel. And finally, it is a watchman's trumpet sound of warning and call to repentance of a people—descendants of ancient Israel—who have a history with the ancient of days, with God's end-time remnant Church at the forefront of the worldwide reformation, or face the brunt of the upcoming Tribulation. It is an additional voice to the legacy left by the late, great Evangelist Herbert W. Armstrong. An awesome eye opener for the lay Christian and novice in religion! Read on!

Some of the charges God gave Adam in the Garden of Eden right after He (God) had set the whole place in order before his (Adam) arrival was that he (Adam) should be Fruitful, Replenish, and Subdue and have Dominion over His (God) creation. This was Adam's Destiny along with every one of His descendants to be, but this destiny was thwarted as a result of the fall. Man lost control of his destiny- man lost his destiny. But God had revealed unto His servant (Pastor Caleb Ande) how man can regain control of His destiny in context of the redemptive work of Jesus Christ at the Cross. In this book you will discover the mind of God concerning you, your destiny and the practical steps you can take to get back on track. In Chapters such as

With step-by-step diagrams, crowd-pleasing recipes, and thorough instructions, now you can turn your car into a kitchen without ever crossing any golden arches. Hilarious, bizarre, and ultimately (seriously!) useful, Manifold Destiny is and always will be an unparalleled original. Although the author (with many previous unique Snarkian works under his belt) describes "Snarkmaster" as the final work in a trilogy, it stands alone quite distinctly as a unique, gripping tale of a power struggle between good and evil, concluding with the development of an unusual intermediate state. Most of the story takes place prior to the traditional Snark voyage (described in verse in Lewis Carroll's "The Hunting of the Snark"), but becomes inextricably linked with it-unless it isn't... The literary structure of "Snarkmaster" reveals some influence of Carroll's "Sylvie and Bruno" tales, as the characters (including the great Charles Dodgson himself) experience dream states and the appearance of at least one fairy. The comprehensive glossary and painstakingly hand-detailed maps of each of the islands in the archipelago may not be essential to follow the story, but they certainly enhance it. The meticulously hand-inked illustrations emphasize some of the important aspects of the story and provide a tropical ambience for the text. While not necessarily a prerequisite, knowledge

of Carroll's original poem is likely to make Snarkmaster more enjoyable for most readers.
