Using Lady Morgan's *The Wild Irish Girl* as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's *Castle Rackrent* through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

Mad Libs, the hugely popular fill-in-the-blanks word game gets ready for summer vacation with stories you can take on the road about roadside diners, historical sights, car songs, and more. Original.

The Best Children's Poems is the perfect bedtime read for parents and their children. It is filled with adorable and funny poems that have friendly, cute, life messages within each one. Not only will the child love the rhythmic story within each poem, but the parent will get a kick out of them also. Each poem has an adorable illustration to capture the moment within each one.

With unprecedented attention on global change, the current debate revolves around the availability and sustainability of natural resources and how to achieve equilibrium between what society demands from natural environments and what the natural resource base can provide. A full understanding of the range of issues, from the consequences of the changing resource bases to the degradation of ecological integrity and the sustainability of life, is crucial to the process of developing solutions to this complex challenge. Authored by world-class scientists and scholars, The Encyclopedia of Natural Resources provides an authoritative reference on a broad spectrum of topics such as the forcing factors and habitats of life; their histories, current status, and future trends; and their societal connections, economic values, and management. The content presents state-of-the-art science and technology development and perspectives of resource management. Written and designed with a broad audience in mind, the entries clearly elucidate the issues for readers at all levels without sacrificing the scientific rigor required by professionals in the field. Volume I – Land includes 98 entries that cover the topical areas of renewable and nonrenewable natural resources such as forest and vegetative; soil; terrestrial coastal and inland wetlands; landscape structure and function and change; biological diversity; ecosystem services, protected areas, and management; natural resource economics; and resource security and sustainability. Natural resources represent such a broad scope of complex and challenging topics that a reference book must cover a vast number of subjects in order to be titled an encyclopedia. The Encyclopedia of Natural Resources does just that. The topics covered help you face current and future issues in the maintenance of clean air and water as well as the preservation of land resources and

native biodiversity.

"The most powerful stories encompass a paradox. Spindle is both mythic and true, old beyond reckoning and dazzlingly, gloriously new. You've known this story all your life; you have never heard its like before. The Storyteller Queen lives, and her name is E. K. Johnston."
-Rachel Hartman, New York Times best-selling author of Seraphina/DIV DIV
The world is made safe by a woman...but it is a very big world. It has been generations since the Storyteller Queen drove the demon out of her husband and saved her country from fire and blood. Her family has prospered beyond the borders of their village, and two new kingdoms have sprouted on either side of the mountains where the demons are kept prisoner by bright iron, and by the creatures the Storyteller Queen made to keep them contained. But the prison is crumbling. Through years of careful manipulation, a demon has regained her power. She has made one kingdom strong and brought the other to its knees, waiting for the perfect moment to strike. When a princess is born, the demon is ready with the final blow: a curse that will cost the princess her very soul, or force her to destroy her own people to save her life. The threads of magic are tightly spun, binding princess and exiled spinners into a desperate plot to break the curse before the demon can become a queen of men. But the web of power is dangerously tangled--and they may not see the true pattern until it is unspooled.

Geralt the Witcher -- revered and hated -- holds the line against the monsters plaguing humanity in this collection of adventures in the NYT bestselling series that inspired the blockbuster video games. Geralt is a Witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. But not everything monstrous-looking is evil and not everything fair is good...and in every fairy tale there is a grain of truth. Andrzej Sapkowski, winner of the World Fantasy Lifetime Achievement award, started an international phenomenon with his Witcher series. The Last Wish short story collection is the perfect introduction to this one of a kind fantasy world. Witcher collections The Last Wish Sword of Destiny Witcher novels Blood of Elves The Time of Contempt Baptism of Fire The Tower of Swallows Lady of the Lake Season of Storms

Follow the everyday adventures of Midge and her beloved stuffed animal. Midge and Moo are best friends. Every day they spend together is full of opposites. Loud, quiet, sour, sweet. Up, down, messy, neat! If you and your little ones like bright, colorful illustrations and sweet, funny stories, you will love Midge and Moo. Get your copy of The Adventures of Midge and Moo and let the cuddling and laughing begin! Part of the Adventures of Midge and Moo series.
