To find a serial number for a forklift of a different brand, click here for our other guides. When ordering the correct parts for your forklift, knowing your forklift's serial number is very important. The easiest way to find your Komatsu forklift's serial number is to check the forklift's nameplate (also called a data tag). This helpful label displays various details about your truck, like its model, its weight, how much it can lift, and more.

Where do I find my Komatsu forklift's serial number?

Serial Box is an online reference guide for the heavy equipment industry.

SerialBox

The format of the Serial Number Guide follows the standard practice of listing serial numbers either by a machine's make and model (and in some cases, Caterpillar being one, by serial number prefix) or by its manufacturer only when one set of numbers covers all categories and all models in a product line. Numbers are listed lowest to highest ...

Heavy Equipment Serial Number Guide - Top Bid

we bought a D20A komatsu, but we do not know what series it is. the serial number tag is hard to read because it has been sand blasted but the best i can tell the number is 15837. the strange thing about it doesn't have lever or joy stick steering, it is on 2 pedals the have a common center, it makes kind of an "s" between them but you can still hit both pedals with 1
