Transgressing the distinct boundaries of architecture and urbanism, Berlin Free University is a unique imagination of what a building might be -- a building designed to function as a piece of the city, adapting to the needs of its users while generating opportunities for social interaction. The university offers a window into the politicized and optimistic discourse of the 1960s and 1970s, but it also illuminates contemporary debates around large projects of infrastructure and public space. It is, in the words of Peter Smithson, 'one of the two critical building-events of the second half of this century'. The publication contains specially commissioned photographs, archive material, construction details and plans. The visual survey is completed by essays that describe the building's conception and system of construction, and analyse the reasons for its enduring importance.

She's the one woman I'd give anything to forget--and now I'm stuck living with her. I'm making a fresh start in Lake Tahoe, until my stubborn sister decides to move Mira into our cabin. I'll be damned if I move out on Mira's account. Nothing has changed in the years since I last saw Mira. Her tempting body and smart mouth taunt me daily. The only hope I have at keeping my sanity is the knowledge that Mira is hiding something. Sooner or later I'll discover her secret, and knowing her, it'll be damning. But first, I have to ignore the urge to kiss and touch and make Mira mine again. --EXCERPT-- I grab her waist, guiding her back against the shelves. She kisses my cheekbone, nibbles my earlobe. "We can't do this here." That nibble shoots straight to my groin. "I beg to differ. I think we can manage." Once the walls come down, emotions run hot.
