Make sense of it all with The Logic of American Politics. Kernell, Jacobson, Kousser, and Vavreck arm students with the tools they need for understanding institutional design concepts, building their critical thinking skills so they can see that there really is a logic to how the American political system works.

The Logic of American Politics | Samuel Kernell | download
Authors Samuel Kernell, Gary C. Jacobson, Thad Kousser, and Lynn Vavreck build students' critical thinking through a simple yet powerful idea: politics is about solving collective action problems. This new edition continues to delve into partisan differences among voters and in government and highlight the increasingly partisan nature of campaigns.

[PDF] The Logic of American Politics ebook | Download and ...
A new concluding chapter on policymaking examines the noticeable logic that guides American politics, as shown through policies like health care reform, global climate change, and the federal budget. Students glean insights into the sources of policy problems, identify possible solutions, and realize why agreement on those solutions is often so hard to achieve.
