But it is his physics background that helped him envision flying on Mars. Balaram compares it to flying on Earth at a 100,000-foot (30,500-meter) altitude - about seven times higher than a typical ...

Dr J (Bob) Balaram: The man behind the Mars helicopter
The exams had already been put on hold a month ago," Divya Kant Shukla, Secretary, Uttar Pradesh Madhyamik Shiksha Parishad (UPMSP) told Careers360. At the meeting chaired by Chief Minister Yogi ...

Unified Theory (UT) replaces Relativity, Quantum, Quark-lepton, Higgs, Supersymmetry, Electroweak, String & Big Bang theories. Light-wave propagates in all-composing, all-pervading sharon medium as a kinetic gas. Sharon comprises +ve positrino & -ve negatrino. UT has two elements (positrino, negatrino), two charges (mass, electric) & two forces (gravitational, electromagnetic). Mainstream has over 200 particles but none is 4C^{element}™. Cosmino mass is innate,Higgs nonexistent. UT explains bending of light due to gravity, constancy & invariance to source-observer motion of light velocity c, variability of c invalidating Relativity, also wave-quantum unity of light. UT rejects 'length contraction', 'time dilation', uncertainty principle. No fermion or neutron is neutral. In UT4C[™] Non-expanding Universe redshift is caused by non-Doppler depletion of photon energy. This book will revise textbooks of Physics,Cosmology at all levels and may be translated into other languages.

Contains large number of Solved Examples and Practice Questions. Answers, Hints and Solutions have been provided to boost up the morale and increase the confidence level.Self Assessment Sheets have been given at the end of each chapter tohelp the students to assess and evaluate their understanding of the concepts.

Drawing heavily on the writings of porfessor D.S. kothari and matatma gandhi, this book analyses the concepts of truth in science and religion.
