McGraw-Hill My Math develops conceptual understanding, computational proficiency, and mathematical literacy. Students will learn, practice, and apply mathematics toward becoming college and career ready.

Each story supports instruction in new phonics elements and incorporates elements and high frequency words that have been previously taught.

Your students will engage in their first guided practice with fresh reading selections every week! Students can directly interact with text by underlining, circling, and highlighting text to support answers with text evidence.

In Decoding A, the skills are divided into four principal areas: Word-Attack Skills, Workbook Exercises, support activities, and Checkouts and Mastery Tests.

Bursting with stories and informational text selections by award-winning authors and illustrators, the Wonders Literature Anthology lets students apply strategies and skills from the Reading/Writing Workshop to extended complex text. Integrate by reading across texts with the Anchor Text and its Paired Selection for each week Build on theme, concept, vocabulary, and comprehension skills & strategies of the Reading/Writing Expand students' exposure to genre with compelling stories, poems, plays, high-interest nonfiction, and expository selections from Time to Kids

Engage your youngest students with these interactive read-alouds. Develop listening comprehension with complex text Include a variety of genres – myths, fables, folktales, poems, and expository selections

These cards provide vividly colored visual references and "Define-Question-Example" routines to enrich and expand vocabulary for all students.

Inspire Science is designed to help you spark students' interest and empower them to ask more questions, think more critically, and maximize their ability to creatively solve problems.--Publisher's website

This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)
