Vast and sprawling, a tangle of roads and lanes, a muddle of rising and falling neighborhoods: London can be a big beast to tame, even for the people who get to call it home. But this ever-changing and regenerating capital can also charm you with its beauty, from wind-rustled parks to that winding River Thames. Its mix of people, abundance of culture, and the occasional louche night on the tiles also makes it a city that will surprise you and win you over. The Monocle Travel Guide to London is a celebration of all the things that the Monocle team loves above this mighty metropolis (and they are brave enough to let you see the wrinkles too). It's a guide to the bars, shops, restaurants, music venues, and museums that they think should edge their way on to your itinerary. They will lure you to some fresher neighborhoods and fill your head with lots of "We really have to see..." ideas. And they will leave you with a clear, crisp view of how the capital is changing. London is a global city but the Monocle team will help you see it as a series of friendly local gems. Hold on to your hat.

a great city, whether you're looking for a new place to call home or need help fixing your own. How do we make better cities - places that work for people of all ages and backgrounds? How do we make cities that provide the obvious essentials - great transport, good places to work - as well as the softer elements that truly deliver quality of life, from urban swimming pools to rooftop clubs? Since its launch in 2007, Monocle has been passionate about making better places to live. Every year it publishes a Quality of Life Survey, which names the top 25 cities to call home. In addition, across the issues, it has interviewed the best mayors, looked at the metropolises putting pedestrians first and met the people creating the best parks, both pocket and grand. Packed with great images and intriguing reports, this is a book that takes the urbanism debate away from city hall and explains what's needed in ways that will inspire us all.

Kirkus Review "Arch comedy . . . Dave Eggers channels Anthony Bourdain." An outrageously funny and original debut set in the fast-paced and treacherous world of a restaurant kitchen Fresh out of university with big dreams, our narrator is determined to escape his past and lead the literary life in London. But soon he is two months behind on rent and forced to take a menial job in the kitchen of The Swan, a gastro-pub with haute cuisine aspirations. Mockingly called "Monocle" by his co-workers for a useless English lit degree, he is thrust into a brutal, chaotic world full of motley characters. There's the lovably

dim pastry chef Dibden; combative Ramilov, who spends a fair bit of time locked in the walk-in fridge for pissing people off; Racist Dave, about whom the less said the better; Camp Charles, the officious head waiter; and Harmony, the only woman in a workplace of raunchy, immature, angry, drug-fueled men. Worst of all is the head chef, Bob, who runs the kitchen with an iron fist and an alarming taste for cruelty. But Monocle's past is never far away and soon an altogether darker tale unfolds. As the chefs' dreams of overthrowing Bob become a reality, Monocle's dead-beat father shows up at his door, asking for help. With The Swan struggling to stay afloat and Monocle's father dredging up lingering questions from an unhappy childhood, Chop Chop accelerates toward its blackly hilarious, thrilling, and ruthless conclusion.
