sometime in the near future. I am also certain that you would like to know who I am and what and why I am an expert in the field of RV. Fair enough! My name is Bruce Bowers, at the time of this writing I am 68, my wife Jill is 67, we both are retired and been living our dream RV life for last 5 years. But that is not why I wanted to write this book. I started my career as a banker years ago, but in just two years I knew banking was not my cup of tea. I loved being outdoors, and somehow landed a job at an RV dealership in Austin, TX. Since then till I retired I have managed and operated multiple RV

dealerships in TX, LA, and TN. I get asked these 8 questions often from people. What is the right RV for me? Is buying a used RV a good idea? Are used RV's reliable? Can buying a used RV be a money pit? What are the best and most reliable brands out there? How would I know if the used RV I am buying is mechanically safe and sound? How can I protect my investment? Where or who should I buy from? In this book, I answer these questions and cover a few more important topics that most first-time RV buyers I think should know about. I took great care not to make this book read like an owner's manual or

If you are thinking about buying an RV in the near future, I think I can help you decide on the right one. Just remember RV is a significant investment and you should do a lot of homework before making a decision just as you do before buying a home.
