Probability Practice Questions – Corbettmaths

When necessary, give your answer in fractions eg. $\frac{2}{5}$ 1. When a fair die is thrown, what is the probability of getting a number greater than 4? 2. If a number is chosen at random from the numbers 1 to 20 inclusive, what is the probability that: a) a prime number will be picked? b) an even number will be picked? c) a single digit number will be picked? 3 . Each of the letters of the word "SUCCESS" is written on a card and all the cards are placed into a bag.

Probability Worksheet and Solutions - Online Math Learning

Probability trees are similar to frequency trees, but we instead put the probabilities on the branches and the events at the end of the branch.. Example: A bag contains 4 red balls and 5 blue balls. Raheem picks 2 balls at random.. Calculate the probability that he selects the same coloured ball each time, given that after each time a ball is selected, it is replaced.
