In its overall interior design, the Internet-connected Samsung RF4289HARS is a fairly standard refrigerator. There's nothing too surprising about its exterior, either, until you experience the...

If you are new to the Raspberry Pi, the Arduino, or home automation and wish to develop some amazing projects using these tools, then this book is for you. Any experience in using the Raspberry Pi would be an added advantage.

This book is divided into projects that are explained in a step-by-step format, with practical instructions that are easy to follow. If you want to build your own home automation systems wirelessly using the Arduino platform, this is the book for you. You will need to have some basic experience in Arduino and general programming languages, such as C and C++ to understand the projects in this book.

Devoted dinosaurs groom, walk, and feed their dogs.

GOODREADS CHOICE AWARD WINNER FOR GRAPHIC NOVELS AND COMICS! These casually drawn, perfectly on-point comics by the hugely popular young artist Sarah Andersen are for the rest of us. They document the wasting of entire beautiful weekends on the internet, the unbearable agony of holding hands on the street with a gorgeous guy, and dreaming all day of getting home and back into pajamas. In other words, the horrors and awkwardnesses of young modern life. Oh and they are totally not autobiographical. At all. Adulthood Is a Myth presents many fan favorites plus dozens of all-new comics exclusive to this book. Sarah's frankness on personal issues like body image, self-consciousness, introversion, relationships, and the frequency of bra-washing makes her comics highly relatable and deeply hilarious, showcasing how she became one of the most influential voices in web cartoonists.

Learn about the history of Times Square in New York with iMinds Travel's insightful fast knowledge series. Times Square stands proudly in the centre of New York City. Broadway meets Seventh Avenue in a place where tourists meet and fall in love with New York. The bright lights and billboards that seem to stretch on forever are just part of what makes Times Square so famous and so attractive. It is also the centre of New York's famous Broadway theatre district and is the place where millions of people come together to bring in the New Year. Times Square makes up most of the western midtown Manhattan area. In the 1800s the area was known as Longacre Square. It housed horse exchanges and stables, carriage factories, blacksmith's shops and upscale brothels. In 1904, The New York Times moved in and established one of the tallest buildings in the city. The newspaper convinced the city to create a subway stop there and to rename the area 'Times Square'. When the new building was opened on 31 December 1904, the newspaper celebrated by holding a public New Year's Eve celebration in the square, complete with fireworks. This tradition is still carried on today. So the New York Times had a significant part in the making of Times Square. Yet it was another publication that brought the drama to the square. iMinds will tell you the story about the place with its innovative travel series, transporting the armchair traveller or getting you in the mood for discover on route to your destination. iMinds brings targeted knowledge to your eReading device with short information segments to whet your mental appetite and broaden your mind.

Gaelic football is Ireland's native sport. Fast, physical, athletic and driven by local and national rivalries, it is a unique part of our heritage. Ray McManus and his team at Sportfile are as passionate as all true sports fans, and have been taking photographs for over forty years. They have been at All Ireland finals, of course, but also at club matches throughout the land. With reminiscences from photographers and players alike, this book is a look back over the decades at the legendary players, matches and moments that have contributed to the narrative of one of the world's most exciting sports. A must for Gaelic Football fans wherever they are.

This book follows a step-by-step, tutorial-based approach which will teach you how to develop your own super cluster using Raspberry Pi computers quickly and efficiently. Raspberry Pi Super Cluster is an introductory guide for those interested in experimenting with parallel computing at home. Aimed at Raspberry Pi enthusiasts, this book is a primer for getting your first cluster up and running. Basic knowledge of C or Java would be helpful but no prior knowledge of parallel computing is necessary.

When the world's population is abruptly wiped out by an apocalyptic event predicted by Hitler's scientists seventy years earlier, ex-Navy SEAL Lincoln Miller teams up with a group of survivors to stop a brutal neo-Nazi repopulation plot.

Highly Commended, BMA Medical Book Awards 2014The fifth edition of this highly successful and well-regarded book continues to provide those working in neonatal intensive care units with precise instructions on the diagnosis and management of common neonatal problems. This edition has been extensively updated and revised, while retaining the backgro

Most of what has been written about the recent history of Yugoslavia and the fierce wars that have plagued that country has been produced by journalists, political analysts, diplomats, human rights organization, the United Nations, and other government and intergovernmental organizations. Professional historians of Yugoslavia, however, have been strangely silent about the wars and the breakup of the country. This book is an effort to end that silence. The goal of this volume is to bring together insights from a distinguished group of American and European scholars of Yugoslavia to add depth to our historical understanding of that country 's recent struggles. The first part of the volume examines the ways in which images of the Yugoslav past have shaped current understandings of the region. The second part deals more directly with the events of the recent past and also looks forward to some of the problems and future prospects for Yugoslavia 's successor states.
