Approaches to Language, Culture and Cognition aims to bring cognitive linguistics and linguistic anthropology closer together, calling for further investigations of language and culture from cognitively-informed perspectives against the backdrop of the current trend of linguistic anthropology.

There s something strange in the neighborhood... and whether that neighborhood is in New York City or Venice, Italy, the Ghostbusters will be there! After a bust at the United Nations, the boys in gray are engaged to investigate an Old World haunting, where they begin to unravel a mystery that sends them around the globe (while still trying to keep their contract with the City, County, and State of New York!)."

3 lectures, Basel and Berlin, September 17, 1910 - December 19, 1911 (CW 125) Rudolf Steiner wrote four mystery dramas intended to portray the spiritual path of self-knowledge as described by spiritual science, or Anthroposophy. Those plays are not merely symbolic but realistic depictions in a spiritual sense. In this book, Steiner describes how "The Portal of Initiation" (the first of his dramas) portrays the intense and tempestuous inner events of initiation as experienced by a young painter. He explains the spiritual background of this character's "karmic" tests and higher guidance. He also discusses the Rosicrucian nature of this play, as well as the "symbolism and fantasy" of the second drama, "The Soul's Probation." Steiner also emphasizes the power of certain fairy tales and poetry for bridging the gap between the spiritual and material worlds. As one of the mystery dramas shows, this is especially valuable for those who tend to be intellectuals. Rudolf Steiner portrayed much of the wisdom of his spiritual science in the mystery dramas and intended them to graphically depict what he taught all his life. As he said, "If people will exert themselves...to work with the drama, I will not have to give any more lectures for a long time." THE LECTURES: 1. Self-knowledge as Portrayed in the Rosicrucian Mystery, The Portal of Initiation 2. On the Rosicrucian Mystery, The Portal of Initiation 3. Symbolism and Phantasy in Relation to the Mystery Drama The Soul's Probation This book is a translation from German of 3 (of 14) lectures in Wege und Ziele des geistigen Menschen. Lebensfragen im Lichte der Geisteswissenschaft (GA 125).

In many parts of the world public enterprise is in crisis. Privatisation programmes are being widely touted as the solution to many of the problems of inefficiency and slow rates of growth associated with public enterprise. This book discusses the underlying causes of those problems, and critically examines some of the solutions that have been adopted. Its geographical coverage is wide and it cuts across the political spectrum. The experiences of countries in four continents are analysed in an attempt to shed light on current dilemmas. Recurrent patterns are found; problems are frequently seen to be political as much as economic, and bureaucracy and administrative confusion is often found to be at the heart of poor financial performance. Yet since political aims, economic environment, and administrative and managerial capabilities vary so widely, universal solutions remain more difficult to define than universal problems.

In the decade and a half since Napster first emerged, forever changing the face of digital culture, the claim that "internet pirates killed the music industry" has become so ubiquitous that it is treated as common knowledge. Piracy is a scourge on legitimate businesses and hard-working artists, we are told, a "cybercrime" similar to identity fraud or even terrorism. In The Piracy Crusade, Aram Sinnreich critiques the notion of "piracy" as a myth perpetuated by today's cultural cartels -- the handful of companies that dominate the film, software, and especially music industries. As digital networks have permeated our social environment, they have offered vast numbers of people the opportunity to experiment with innovative cultural and entrepreneurial ideas predicated on the belief that information should be shared widely. This has left the media cartels, whose power has historically resided in their ability to restrict the flow of cultural information, with difficult choices: adapt to this new environment, fight the changes tooth and nail, or accept obsolescence. Their decision to fight has resulted in ever stronger copyright laws and the aggressive pursuit of accused infringers. Yet the most dangerous legacy of this "piracy crusade" is not the damage inflicted on promising start-ups or on well-intentioned civilians caught in the crosshairs of file-sharing litigation. Far more troubling, Sinnreich argues, are the broader implications of copyright laws and global treaties that sacrifice free speech and privacy in the name of combating the phantom of piracy -- policies that threaten to undermine the foundations of democratic society.

Hollywood historian and film reviewer Leonard Maltin invites readers to pull up a chair and listen as he tells stories, many of them hilarious, of 50+ years interacting with legendary movie stars, writers, directors, producers, and cartoonists. Maltin grew up in the first decade of television, immersing himself in TV programs and accessing 1930s and '40s movies hitting the small screen. His fan letters to admired performers led to unexpected correspondences, then to interviews and publication of his own fan magazine. Maltin's career as a free-lance writer and New York Times-bestselling author as well as his 30-year run on Entertainment Tonight, gave him access to Katharine Hepburn, Elizabeth Taylor, Sean Connery, Shirley Temple, and Jimmy Stewart among hundreds of other Golden Age stars, his interviews cutting through the Hollywood veneer and revealing the human behind each legend. Starstruck also offers a fascinating glimpse inside the Disney empire, and Maltin's tenure teaching USC's popular film course reveals insights into moviemaking along with access to past, current, and future stars of film, such as George Lucas, Kevin Feige, Quentin Tarantino, and Guillermo del Toro.
