Sundari was the domed capital city of the planet Mandalore.⁸ The city was situated in the deserts of Mandalore and was enclosed by a bio-dome that allowed the city to exist on the harsh planet, which had been rendered a desert after years of Mandalorian wars. During the reign of the pacifist New Mandalorian government, led by Duchess Satine Kryze, the city was the site of multiple attacks by ...

Sundari was founded in the deserts of Mandalore left behind by the Mandalorian Excision.. The New Mandalorians used their talents as builders and inventors to create grand bio-cube cities in Mandalore's desert wastes, forging a new society isolated from Mandalore's warrior clans. They constructed the domed city of Sundari around one of Mandalore's largest active beskar mines, and claimed it as ...

When the powerful Nazir Khan saw Sundari, he was so struck by her beauty that he decided to marry her even though she was already married. He kidnapped her and carried her off. Desperate, Sundari built a pyre, and steeled herself to jump in. At the last moment, Sundari's brother, Balwant, came to rescue her. He took his sister to live with the Sikhs in the forest, as a warrior, sworn to protect the helpless. But Nazir Khan had

Get Free Sundari

not given up yet. He sent his men to find Sundari and bring her to him. This tale is a retelling of Bhai Vir Singh's classic novel, Sundari.

On the life and work of Jaya?a?kara Sundar?, 1889-1975, Gujarati stage actor.

Comic based on the story of Añjan?, Hindu deity.

Liberation into Orgasm is an invitation to go through pleasure beyond pleasure. This book is not just a bunch of nice ideas that are only good for the mind, it is an invitation to experience Life totally, and live fully, unapologetically, shamelessly as You. This book is for those who are either intrigued by sex but feel a little shy and perhaps have never experienced an orgasm, and for those who are very open yet have the intuition that there must be more to sexuality. And forgive me for running ahead, but yes, there is always more to sexuality. This books is for those who have endless spiritual thirst and those who wish to feel more connected to their true Self in every moment of their life. In the modern day world, we tend to think that sex and spirit are separate from each other. Or, that in order to access the spirit, we need to transcend sex. With this book, I want to serve the healing of the split that we have created between sex and spirit. This split is what causes

Get Free Sundari

disconnection, shame, guilt and judgment around something that is the most powerful creative force that moves through human beings - our sexual energy. With this book, I want to reveal the tantric perspective of what is really possible for each human being in this Life. With this book I want to invite you on a journey that will take us through pleasure beyond pleasure. Tantra teaches us to live fully. When someone chooses the path of Tantra, it means they choose to go all the way. To live Tantra means not to shy away from any of the aspects of our life. This book deals with environmental effects on both sides of the border between Bangladesh and India caused by the Ganges water diversion. This issue came to my attention in early 1976 when news media in Bangladesh and overseas, began publications of articles on the unilateral withdrawal of a huge quantity of water from the Ganges River through the commissioning of the Farakka Barrage in India. I first pursued the subject professionally in 1984 while working as a contributor for Bangladesh Today, Holiday and New Nation. During the next two decades, I followed the protracted hydro-political negotiations between the riparian countries in the Ganges basin, and I traveled extensively to observe the environmental and

Get Free Sundari

ecological changes in Bangladesh as well as India that occurred due to the water diversion. The Ganges, one of the longest rivers of the world originates at the Gangotri glacier in the Himalayas and flows across the plains of North India. Eventually the river splits into two main branches and empties into the Bay of Bengal. The conflict of diversion and sharing of the Ganges water arose in the middle of the last century when the government of India decided to implement a barrage at Farakka to resolve a navigation problem at the Kolkata Port.

ON the bank of the Ganges, there was seated a boy under the green mantles of the mango groves, enjoying the evening melody of the flowing Bhagirathi.* Under his feet lay, on the green bed of grass, a little girl, casting upon his face her lingering glances—silent and motionless. She was gazing untiringly, and turning for a while her eyes towards the sky overhead, the river below, and the trees around, again fixed them upon that face. The name of the boy was Pratap—that of the girl, Shaibalini. Shaibalini was then only a girl of seven or eight—Pratap had scarcely stepped into youth. Overhead, the Papia, in its airy flight, filled the sky with waves of music and

Get Free Sundari

smoothly glided off. Shaibalini, in imitation, began to thrill, with her whistles, the mango groves that adorned the bank of the Ganges. The murmuring melody of the river mingled with that mock music in perfect harmony. The girl with her little soft hand plucked some equally soft wild flowers, and making with them a garland, embellished the boy with it. Taking it off, she coiled it round her own braid and again put it on the neck of the boy. She could not decide which of them should wear it. At last she got over the difficulty by throwing it round the horns of a plump, nice-looking cow grazing near by. So it happened with them often. Sometimes the boy, in return for the garland, used to bring down for her from the nest of birds their little ones, and in mango season he would give her sweet mangoes ripe for relish. When the stars appeared in the serene sky of the evening, they began to count them. "Who has seen first?" "Which has first appeared?" "How many do you see?"—"Only four? I see five. There is one, there is another, again there is one, again there is another and lastly mark that." It is a lie. Shaibalini does not see more than three. "Let us count the boats. Can you say how many boats are passing?"—"Only sixteen? Let us bet, I say there are eighteen." Shaibalini did not know to count. Once counting she found nine—counting again she came up to twenty-one. Turning from this, they next fixed their eyes upon a particular boat. "Who is in that

Get Free Sundari

boat—whence it came—whither it goes? How glittering is the gold in the waters on the oars!"

Idioglossia refers to an idiosyncratic language, one invented and spoken by only one or a very few people. Sundari Prasad's "Idioglossia" combines her work "Pure: Memoirs of Sex, Abuse and Addiction" and "The Lilitu: The Best of Sundari Prasad" into one volume. PURE: Memoirs of Sex, Abuse and Addiction takes a look at the topics of Sex, Physical and Mental Abuse, and various addictions and puts them in a reality style format- leaving it up to the reader whether to determine if they are reality or works of glorious fiction. THE LILITU: A dark dance in a lush garden of prose overshadowed by luminous specters clothed in the guise of short stories and poetry, The Lilitu are more than the children of the Hebrew Goddess Lilith-an outcast of Eden. Author Sundari Prasad's prose not only resonates, but it lives and breathes in these pages. Much like demons that tell their tales, these words want to be read. Torrid fantasies and nightmares come to life with full force, from a vampire's memories of times long gone, to a woman's romanticism of her harsh abuse at the hands of her husband. The Lilitu is a collection of deep, haunting, and wanton spirits of writing that will not be easily forgotten.
