ROAD TEST YOUR IDEA BEFORE YOU WRITE YOUR LEAN START-UP Thinking about starting a new business? Stop! Is there a genuine market for your idea? Do you really want to compete in that industry? Are you the right person to pursue it? No matter how talented you are or how much capital you have, if you¶re pursuing a fundamentally flawed opportunity then you¶re heading for failure. So before you launch your lean start-up, take your idea for a test drive and make sure it has a fighting chance of working. With an accompanying app, available on iTunes and Android, that will enable readers to easily capture their road test data - notes, interviews, photos or videos - while they are on the go. www.newbusinessroadtest.com

ROAD TEST YOUR IDEA BEFORE YOU LAUNCH YOUR LEAN START-UP Thinking about starting a new business? Stop! Is there a genuine market for your idea? Do you really want to compete in that industry? Are you the right person to pursue it? No matter how talented you are or how much capital you have, if you¶re pursuing a fundamentally flawed opportunity then you¶re heading for failure. So before you launch your lean start-up, take your idea for a test drive and make sure it has a fighting chance of working. Now in its fifth edition, The New Business Road Test is the essential handbook for anyone wanting to launch a start-up. The new and fully updated case studies ¶ Ella's Kitchen, Whole Foods, eBay and more ¶ and ¶seven domains¶ framework will help you avoid impending disaster and enhance your chances of achieving your entrepreneurial dreams. This book will help you answer the live-or-die questions: · Are the market and industry attractive? · Does the opportunity offer both customer benefits as well as competitive and economic sustainability? · Can you deliver the results you seek? The accompanying app (available on iTunes and Android) makes it easy to assemble all the evidence you need for your road test, wherever you are. www.newbusinessroadtest.com

'You may have capital and a talented management team, but if you are fundamentally in a lousy business, you won't get the kind of results you would in a good business. All businesses aren't created equal.' "William P. Egan II, veteran US venture capitalist" No matter how talented you are, no matter how much capital you have, no matter how good your business plan is, if you're pursuing a lousy business' i.e. a fundamentally flawed opportunity you're on the fast-track to failure. "The New Business Road Test "shows you how to avoid the obvious mistakes that everyone else makes. It shows you how.

Provides an overview of business plans that didn't require an influx of cash from a venture capitalist, but rather received money from their customers and describes five ingenious approaches used by innovative entrepreneurs at companies like Threadless, TutorVista and GoViral.

You have a new venture in mind. And you've crafted a business plan so detailed it's a work of art. Don't get too attached to it. As John Mullins and Randy Komisar explain in Getting to Plan B, new businesses are fraught with uncertainty. To succeed, you must change the plan in real time as the inevitable challenges arise. In fact, studies show that entrepreneurs who stick slavishly to their Plan A stand a greater chance of failing-and that many successful businesses barely resemble their founders' original idea. The authors provide a rigorous process for stress testing your Plan A and determining how to alter it so your business makes money, solves customers' needs, and endures. You¶ll discover strategies for: -Identifying the leap-of-faith assumptions hidden in your plan -Testing those assumptions and unearthing why the plan might not work -Reconfiguring the five components of your business model-revenue model, gross margin model, operating model, working capital model, and investment model-to create a sounder Plan B. Filled with success stories and cautionary tales, this book offers real cases illustrating the authors' unique process. Whether your idea is for a start-up or a new business unit within your organization, Getting to Plan B contains the road map you need to reach success.

The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

This book guides readers through a very comprehensive, step-by-step process to produce professional-quality business plans to attract the financial backing entrepreneurs need, no matter what their dream.

Business models are the beating heart of your firm's value proposition. Great business models drive rapid growth; bad business models can doom the most promising ventures. Brilliant Business Models clearly shows you how to create, test, adapt, and innovate successful and appropriate business models in any business context. Every company has a business model. When the business model works, the company creates value. Brilliant Business Models combines the latest research, straightforward tools and current examples to bring this surprisingly tricky topic to life. Straightforward cases from the author's research and experience highlight key lessons. This book applies a novel, life-cycle based approach to make business models relevant to your company's development stage. Your company changes over time¶so should your business model. Understand how and why business models matter to your organisations success Learn how to evaluate and test business models to identify the most appropriate model Use the business model life-cycle approach to keep your business model relevant and successful. ¶Clever, innovative, and simple -- a must read workbook for entrepreneurs!¶ Charles CHEN Yidan, Co-Founder, Tencent Holdings. ¶Buy it. Read it. Most importantly, use it!¶ John Mullins, London Business School, Author of The Customer-Funded Business and The New Business Road Test. ¶This may well turn out to be your scrapbook for business models. An excellent resource that will get your ideas flowing!¶ Shane Corstorphine, VP, Regional Growth (Global Regions) and General Manager (Americas), Skyscanner.

A five-step strategy for turning a commodity into a necessity When products and services become interchangeable, price becomes the ultimate determinant for consumers. Indispensable shows businesses how to break out of that cycle by using The Five Drivers-a strategy that takes companies to the next level of performance. Renowned business consultant Joe Calloway looks at how real companies have made their product or service "mission critical," and satisfied customers in the process. Indispensable goes straight to the heart of the issue and reveals how successful companies-of any size, in virtually any manufacturing, selling, or service endeavor-achieve market leadership through The Five Drivers of fierce customer loyalty. Indispensable shows readers how to: \* Create and sustain momentum: overcome organizational inertia and keep moving forward \* Develop habitual dependability: make consistency of performance a defining characteristic \* Connect continuously \* See the Big Picture Outcome: create compelling customer experiences \* Engage, Enchant, Enthral: make magic in the marketplace With interviews, detailed case studies, and dozens of real-world, effective customer service ideas and initiatives, Indispensable is just what today's forward-thinking businesses need.

Sharing the essentials of sales, marketing, negotiation, strategy, and much more, the creator of PersonalMBA.com shows readers how to master the fundamentals, hone their business instincts, and save a fortune in tuition.
