The Transformation of the Toyota Gaia. First Generation (1998 – 2004) The TOYOTA GAIA was released in May 1998. Its chassis was based on that of the first generation TOYOTA IPSUM, albeit with a differently customized upper body and more luxurious impression. The body size measured in length, width, and height at 4,620mm, 1,695mm, and 1,640mm respectively; thus, though the width was the same ...

As companies such as Coca-Cola and Toyota respectively become increasingly prominent through self-promotion and fierce competition for the attention and allegiance of the teenage demographic, by contrast, church attendance amongst young people in the West is in decline. These companies invest considerable resources in finding ways to market their products in ways that appeal to young people, distinguishing their products from those of their competitors and ensuring long-term brand loyalty through providing customer satisfaction. The potential impact of the continuation of these trends compels us to address the controversial question of whether, and to what extent, the church could learn from the marketing strategies of secular organizations, and apply their techniques in order to address the diminishing interest of young people in Christianity.

Electric and Hybrid Vehicles: Power Sources, Models, Sustainability, Infrastructure and the Market reviews the performance, cost, safety, and sustainability of battery systems for hybrid electric vehicles (HEVs) and electric vehicles (EVs), including nickel-metal hydride batteries and Li-ion batteries. Throughout this book, especially in the first chapters, alternative vehicles with different power trains are compared in terms of lifetime cost, fuel consumption, and environmental impact. The emissions of greenhouse gases are particularly dealt with. The improvement of the battery, or fuel cell, performance and governmental incentives will play a fundamental role in determining how far and how substantial alternative vehicles will penetrate into the market. An adequate recharging infrastructure is of

paramount importance for the diffusion of vehicles powered by batteries and fuel cells, as it may contribute to overcome the so-called range anxiety." Thus, proposed battery charging techniques are summarized and hydrogen refueling stations are described. The final chapter reviews the state of the art of the current models of hybrid and electric vehicles along with the powertrain solutions adopted by the major automakers. Contributions from the worlds leading industry and research experts Executive summaries of specific case studies Information on basic research and application approaches

For countless generations people have talked of our Mother Earth. Now she speaks to us, sharing words of wisdom, tenderness and deep love. We live in challenging times when the rapidity of change can feel overwhelming. These “ Messages from Gaia ” , received and written

by author Mary Kirkpatrick, provide light for the path that is surely needed as we navigate into the future. In them, Gaia, our Earth Mother, shares the love pouring from her heart to ours, only love, always love, love overflowing. Mary Kirkpatrick has captured the heart of Gaia through her own heart. Every message reflects the deep love and understanding that dwells within the human/Gaia relationship. The messages are affirming, poignant and beautiful. This book is a keeper! ~Nancy Joy Hefron author of The Wounded Heart
www.heartlights.net Messages from Gaia gives us a glimpse into the heart of the planet, and the peace that comes from opening our eyes to all the life around us. ~Cindy Reed Cindy Reed RN, PhD, Infinity Health Solutions and Energy Medicine Maven

This book draws upon the legacy of wisdom from ancient manuscripts,

which can have a profound impact on your life. Mankind is oblivious to the extent of the devastation bestowed on the environment, and the fact that we are jeopardising the survival of future generations. There has never been so much violence, crime, corruption, murder and war in the history of mankind. In spite of our triumphs, in terms of scientific discoveries, we are deprived of physical, emotional and spiritual well-being. The state of the outer world reflects the condition of our inner world. This book provides the reader with a renewed epiphany and insight into the extent to which we have strayed from our authentic self or true essence. Our main obstacles are ignorance, apathy and complacency. We are morally bankrupt and the solution to our problem is a soul-ution. Most people are unaware of the fact that we all have the ability to tap into the realm of Divine Universal Energy that surrounds us. We have the ability to live from a soul level; to connect

with the sacred and to increase our awareness. The possibility of perfect health, serenity, and inner peace exists within the Spiritual Realm. The choice, to live in this Realm and in harmony with the Universal Laws, comes with certain responsibilities. This book offers guidelines, which will assist you to live with increased joy, purpose, passion and meaning. Applying these principles can make the difference between surviving and thriving.

Uncovers the growing and expanding phenomenon of human behavior, social constructs, and communication in online environments.

Gaia's Guardian is the sequel to Artemisian Artist. These are contemporary stories dedicated to the spiritual energy these Goddesses can bring to our lives. In this second book, Gerry takes up the narration. Six months into their relationship, two women begin to realize how little they know about each other. They begin the task of finding and establishing common ground. When an assassin's bullet

The GaiaConspiracy: The Last Days of Homo sapiens is a narrative about an eclectic group of Americans on a canoe trip on the Yukon River with a guide who is a self-taught renaissance man whose mission in life is to educate his charges about the true realities of life on this little oasis in space, a counterpoint to the propaganda of the corporate media leading us into holocausts on all fronts. The adventure changes their lives, their perceptions of their country, their vision of the future, and leads them to realize that business-as-usual, playing the game within a corrupt system dominated by greed and lust for power, can
