From there, the company, in various iterations, went on to build some of the most iconic motorcycles of all time. Written by respected Triumph expert Ian Falloon, this luxurious reference covers all of the major and minor models, with an emphasis on the most exemplary, era-defining motorcycles such as the Thunderbird, Tiger, Trophy, Bonneville, and new machines such as the Speed Triple, Thruxton, and Daytona 675. The Triumph Bonneville has been one of motorcycling's most enduring British icons. The name comes from the Utah salt flats where a streamlined twin-cylinder Triumph captured the World Motorcycle Speed Record in 1956. In 1959, the first Bonneville, the T120, appeared, and the Bonneville name would remain a revered badge of motorcycling honor for the following three decades. This elegant, picture-lavish book, featuring Bonnevilles specially photographed in a studio setting, pays tribute by showing all the classic models in exquisite photographic detail, accompanied by an expert commentary. A visual feast for all Bonneville enthusiasts.
