Published by OpenStax College, U.S.

History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Developed to meet the needs of modern United States history courses. This text includes a review unit bridging early American history content before studying modern times.

USAs historie indtil 1996

The U.S. monetary system is based on paper money backed by the full faith and credit of the fed. gov't. The currency is neither valued in, backed by, nor officially convertible into gold or silver. Through much of its history, however, the U.S. was on a metallic standard of one sort or another. On occasion, there are calls to return to such a system. Such calls are usually accompanied by claims that gold or silver backing has provided considerable economic benefits in the
