Violin Hweisshaar Com

7 reviews of Hans Weisshaar "George knows his business. This has been my go-to violin repair shop since I was a child! I purchased my 18th century Italian violin here (for a steal!) when I was 18, so I really prefer for them to do all the repairs since they "know" the instrument. Service prices are very reasonable, and they do fine work. They won't try to pull the wool over your eyes and get ...

Violin Hweisshaar Com - tbilisiphotofestival.chai-khana.org

Just forget about removing a violin neck in the first way the book suggests, by hitting the scroll with your palm. And some of the ideas presented for set-up are pretty strange, like using complicated jigs to discover the optimal height and slant for a cello's fingerboard position. And don't use sandarac as a crack filler, it will craquelure very badly in the near future. And don't remove ...

This book contains 41 chapters of detailed repair description, 125 photographs, 60 technical illustrations, & a pattern pocket with 18 patterns. Limited edition of 2000 numbered copies. A review in the international magazine THE STRAD begins, "This is an impressive looking & important book for violin makers. Produced by two of the world's leading

practitioners of the craft of violin restoration, it sets out to describe the techniques used in their workshops & to make these techniques available to the violin maker who lacks easy access to training in restoration workshops." The bulletin of the Violin Society of America states, "This long-awaited text presents the art & science of violin repair in a manner so clear in its concept & so unambiguous in its language that it is as enjoyable to read as it is informative. This book should rapidly become a vital reference work for violin makers everywhere." Published & distributed by the authors, 627 North Larchmont Blvd., Los Angeles, CA 90004.

Traces the history of the instrument, from its first appearance in the mid-16th century to its modern use by artists, writers and Hollywood and discusses how the affordable, portable instrument can be used to play Beethoven, jazz and indie rock. 10,000 first printing.

Das von der internationalen Presse hochgelobte Buch des Historikers David Schoenbaum erzählt die Lebensgeschichte der Violine: wie sie gebaut, gespielt, verkauft und wie sie in der Kunst dargestellt wurde. Die Violine ist vielleicht das vielseitigste Instrument, das je erfunden wurde. Für Weltmusik, Tanzmusik und Indie-Rock ebenso geeignet wie für Bach und Beethoven, wird es seit jeher im Stehen oder Sitzen gespielt, allein oder in Gruppen, in Bars, Kirchen und Konzertsälen, von Profis und Amateuren, Erwachsenen und Kindern, Männern und Frauen und auf jedem Kontinent. David Schoenbaum hat viele Details über Hersteller, Händler und Geiger zusammengetragen und in einer umfassenden Geschichte der Violine gebündelt: von den ersten Anfängen, als Geigenbauer ihr Handwerk von Kistenmachern lernten, über Stradivari und das Goldene Zeitalter von Cremona, den unvergleichlichen Künstlern Paganini und Joseph Joachim im 19. Jahrhundert bis zu Heifetz und Oistrach im 20. Jahrhundert. Schoenbaum informiert sachkundig und mitreißend über Kunst und Kultur des vielseitigsten Instruments der Welt.
